

1.119 hectares (2.765 acres) of land includes large solid brick home and 3 large sheds. This property would be suitable for many business enterprises including trades, horses as there is large storage shedding. This property is now part of a 6 lot subdivision, formally 8 hectares. The home features an open plan living area with well appointed kitchen, dining and family room. There is a second living area with pool table and bar situated central of the two living areas. The home has 4 bedrooms, main with en-suite and an office. Heating and cooling are from a wood heater and reverse cycle split systems. The home has a bull nose veranda and a large entertaining area with spa. The large double garage has an automatic door. Solar boosted hot water service and a large solar system are connected. Water to the gardens is from a good supply of quality water from a well, the water for the home is fed by storage from rainwater tanks. The gardens are well established with many beautiful trees, hedges and shrubs. All Inspections welcome.
